News Facts:

- TEC for Directory & Identity 2012 will bring back many popular speakers, including Brian Puhl and Laura Hunter of Microsoft, Jeremy Palenchar of Orcas Consulting, and Jorge de Almeida Pinto of Oxford Computer Group. Sessions will cover the full range of [Identity and Access management](#) (IAM) technologies, including Active Directory, Forefront Identity Manager and Active Directory Federation Services (ADFS).
- TEC for Exchange 2012 will feature sessions on development, scripting, archiving, recovery, and storage. This year's lineup includes facilitator and Exchange MVP, David Sengupta, and veteran presenters Brett Shirley and Scott Schnoll of Microsoft, along with a host of other presenters.
- TEC for SharePoint 2012 will welcome well-known expert and author Chris McNulty as conference facilitator. This year's conference will offer never before presented sessions focused on three key themes: SharePoint Governance; The future of [SharePoint](#); and SharePoint business intelligence - featuring SQL Server 2012 Denali. Presenters Ben Curry of Summit 7 Systems and Susan Hanley of Susan Hanley, LLC return in 2012, among many others.
- TEC for Virtualization & User Workspace Management, the first conference of its kind to train on Microsoft's virtualization platforms provide vital new guidance around managing the User Workspace, will be led by conference facilitator and Microsoft MVP, Patrick Rouse. Top speakers will include Guido Grillenmeier of HP and top experts on Windows 7 Migration, Application Compatibility and Virtualization, among many other topics.

- For the second year, the PowerShell Deep Dive will provide a unique community opportunity to drill down on the task automation scripting language with the world's leading experts. Microsoft program managers will join Kinnon McDonell of Microsoft and Craig Martin of Edgile for this unique event that features short dives and full sessions.
- Sessions and speakers are now posted at www.theexpertsconference.com/us/2012. The conferences are offered on a tiered pricing schedule that includes all food, beverages and conference materials. For more information about pricing, visit: www.theexpertsconference.com/us/2012, and follow @TECconf on Twitter.

Supporting Quote:

Gil Kirkpatrick, Quest chief architect, Microsoft MVP and conference founder

“Each year, TEC provides a unique training and networking experience to its growing community of delegates. We’re building a tremendous event with more than 100 of sessions and many top speakers from Redmond and around the world, enabling powerful cross-training opportunities not found at any other event.”
